Messrs. LEAVITT,
ON THE EVENINGS OF

BIDS WILL BE FAITHFULLY EXECUTED BY THE AUCTIONEERS.

New York:

John Polhemus, Printer, 102 Nassau Street.

P R E F A C E.

We wish to call particular attention to the fact that the coins in this collection are to be sold in the *evening* instead of the afternoon, as usual. We have made this change for the convenience of gentlemen who are unable to attend auctions held in the day time, thereby giving all an opportunity of purchasing, and also of seeing what they buy. The coins will be on exhibition throughout the day in the salesroom.

For the pieces that are to be sold, the catalogue is the best guide; and even a cursory glance through its pages will show the amateur that there are pieces which would be a desirable acquisition to any collection in the country, together with many beautiful, cheap sets which are hard to procure of dealers.

In regard to the condition of the various pieces, we can assure intending purchasers at a distance that they have all been faithfully described, and in cases of the slightest doubt, the condition of the coins has, if anything, been rather under estimated.
